16 Bradshaw Ave., Toronto, ON

PROGRAMMING LANGUAGES

- Python
- Java
- HTML, CSS and JS

WORK EXPERIENCE

Food Basics—Metro, Inc.
900 Albion Rd.

Cash Office Manager and Cashier
Seasonal (2020-2024)

- I obtained skills in product returns, management of Cashiers, and collection of daily cash deposits.
- I handled customer complaints and was able to efficiently and proactively handle the matter.

EXPERIENCE

Python Discord Bot Developer
Personal Project

- Created a Python-based Discord bot to gather and announce sports game information using various sports APIs (e.g., NHL-API, NBA-API).
- Utilized discord.py and asyncio for asynchronous programming to handle real-time data, Discord events and commands from users.

Static Website Developer
Personal Project

- Created a static website from scratch to host video game guides, using HTML, CSS, and JavaScript.
- Utilized Git for version control and deployed the website using GitHub Pages.
